Statement

We deeply regret the dispersing of our Shorthorn Herd at Arngibbon that has been developing for so many years. Due to complete change in the farm operation, this step becomes necessary.

Our herd has been built on the best popular bred females obtainable and always headed by a choice modern type sire. It has been maintained on a simple practical scale along with all the other activities necessary to operate a livestock farm. The herd is in a high state of efficiency with every cow producing a calf as will be seen by the sale list.

We realize that a dispersion sale is a buyers market and cows can be purchased then that could not be bought privately.

We are proud of our Shorthorns and humbly submit them for your approval.
